Standard $200 Auction Cheat Sheet

Quarterbacks

Doc's Notes: There are eight QBs that are in the top tier and then the drop off is steep. I prefer to get someone in the Jackson → Burrow tier if possible. If not, try to get two players between 9-16 so you can play matchups.

Running Backs

Doc's Notes: I have been waiting on RB this season. I love the players from 13-33 and feel like I can start my draft taking WRs and then get two or three RBs from this group.

Tight Ends

Doc's Notes: I want to make sure I have one of the top 10 tight ends on this list. Waller could end up as a top-three overall TE if he stays healthy. Kincaid and LaPorta are two rookies who could be difference makers.

Wide Receivers

Doc's Notes: Wide receivers aren't as important in Standard leagues, but you still want a stud or two who can catch double-digit TDs. After that you can try to cherry-pick players on good offenses who have upside.
